**GREETINGS  
Fellow  
Republicans:**

*It is a very important time for each of us to find ways to get involved and make a difference. Here are three opportunities to take action:*

**1 – Encourage all of your conservative, freedom-loving friends and family to vote Governor Newsom out of office. Vote live at a polling place if possible.**

**2 – If you learn of multiple ballots per voter, ballots received for people who aren't registered to vote at an address or other anomalies, make a report. CAGOP Election Integrity or EIP-CA are the two places to send that information. Colleen Floryan can help with EIP-CA reporting.**

**3 – Attend the CALIFORNIA FEDERATED BI-ENNIAL CONVENTION. Register online and let me know you have done so. Be sure to take advantage of the early-bird registration before September 14. See below for a link and more information or visit CFRW.org.**

## THEY ARE TARGETING OUR KIDS

Parents are finding out about the global campaign that the UN, Planned Parenthood, the ACLU, and others are using sex and your children to eliminate the nuclear family.

First, they worked to get Mom out of the home into a “career,” so they could go after the children.

One of many resources is “Rights, Respect, Responsibility (3RS)”, created by Advocates for Youth, a partner of Planned Parenthood.

Kindergarten children are being introduced to “masturbation, homosexuality, gender fluidity, homosexual parenting, graphic images of genitalia, and more.”

During elementary school, children are exposed to pornographic, including “cartoons” in books such as “It’s Perfectly Normal,” featuring cartoon images of naked children, sexual intercourse, children masturbating, and more.

For “7th graders, to outline the risks of various sex acts, for example, children ages 11 and 12 are taught that “anal sex using a condom correctly is a ‘low-risk’ activity. However, ‘the Centers for Disease Control and Prevention (CDC) found that condoms are only 60% to 70% effective in preventing HIV, even with perfect and consistent use.”

When the children are around 11, under 3Rs. they’re taught how

to seek out information about sex on the internet, and to rely on Planned Parenthood for information and “services.”

When they are age 12, “abortion is introduced as an ‘option’ to deal with unwanted pregnancies. And by age 13, years, the children are taught how to obtain various forms of contraception and birth control.”

School libraries are filled with storybooks pushing radical transgender ideology, lessons on masturbation for middle schoolers, and novels with explicit sexual scenes including one describing a bloody rape.

“In a meeting of the Carmel Clay School Board (Indiana) recently, outraged parents took turns reading excerpts from ‘Introducing Teddy: A Gentle Story About Gender and Friendship,’ which uses a teddy bear to teach kids that gender isn’t determined by biology. There is also ‘Sparkle Boy,’ about a toddler’s cross-dressing tendencies, and ‘Call Me Max,’ in which a kindergarten girl gets a teacher to call her by a boy’s name.” “Another parent read from a novel available to Carmel high schoolers that includes a pornographic scene explicitly describing characters engaged in various sex acts. It’s too obscene to even summarize.”

“A third parent read from the book ‘It’s Perfectly Normal,’ which is available to middle school children and promoted by Planned Parenthood. It teaches kids how to masturbate and is filled with nitty-gritty details.” (See paragraph five.)

In California, Brea Olinda Unified School District included ancient Greek men’s proclivity to have sexual relations with boys, as part of teaching children LGBT history.

A mom asked about the course and sounded incredulous, “So sex between a man and a boy is a sexual orientation” she asked. Local property taxpayers pay the teachers wages, yet teachers feel the taxpayers have no say in what is taught to their kids.

MISHKANIAN

## Inheriting a Seat in the California State Capitol

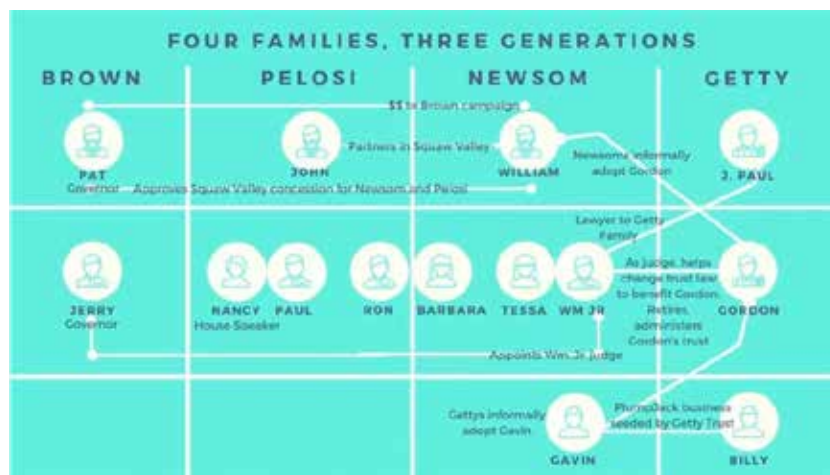

Periodically, political terms are used by the unhappy residents to illustrate the core characteristics of the assembly members in the California State Capitol. For example, they have honored Governor Gavin Newsom with nicknames to accentuate his personality even further such as the prince, dictator, and tyrant. Nevertheless, turning pages back into U.S. history, people refused to give into forced taxations and arbitrary Acts while claiming independence by revolting against the Authoritarian government such as Monarchy. Fast forward to the modern era, Democracy is believed to prevail as people have gained rights to participate in government in many ways including distinct models of participatory, pluralist, developmental, and protective democracy.

As California has been hijacked by pluralists and economic elites, it is drowned in interest groups and the vigorous competitions among them. CA Nurses Association, and members of the Teachers Union which back the Democrat-majority panel, for example, are among the 2,441,000 union members who gradually yet inherently have caused social and economic inequality.

Nevertheless, one must agree that democracy or rule by the people has been the reason America initially fought for national leaders to come to power. But, as years passed, the legislators grew further appetite for more power within their immediate families which now is deemed to be an

authoritarian state experiencing a deja vu. All legitimate power rests in the hands of a small group of people such as the Prizker, Getty, and Fisher family, individual rights subordinate to the wishes of the state, and all means necessary are used to maintain political power. The Democrats have long gained a supermajority in both houses of the California State Legislature in which there is no need to bargain or compromise over passing bills with the Republican representatives. Recruitment is based on patronage and nepotism rather than on merit. Examples are overwhelming ad nauseum such as Akilah Weber (D) who was sworn in by her mother, Shirley Weber, to succeed her in the California State Assembly due to a special election. Shirley Weber, resigned to replace Alex Padilla as Secretary of State. Further examples are Autumn Burke: the daughter of Yvonne Burke, Juakin Arambula: the son of Juan Arambula, Chris Holden: the son of Nate Holden, Kevin Mullin: the son of Gene Mullin, Adam Grey: the son-in-law of Gary Condit, Lorena Gonzalez: the

wife of Nathan Fletcher, Blanca Rubio: a sister of Susan Rubio, Susan Rubio: the ex-wife of Roger Hernandez, Lisa Calderon: the stepmother of Ian Calderon, Ian Calderon: the son of Charles Calderon, Charles Calderon: the brother of both Ron and Tom Calderon, and Megan Dahle (A): a

wife of Brian Dahle (S).

One must be utterly politically illiterate to call it democracy or the right way for leaders to come to power. Due to the lack of participatory democracy, we've been fooled by the demagogues and oligarchs in particular. Regretfully, true leaders and scholars were pushed aside, humiliated, and deprived of opportunities to participate in a meaningful civil service, contributing to betterment of the Golden State and not just the city of San Francisco, promoting the will of the legal voters, and eventually to lead. Although there is no clear cut solution, political participation guides us to see the problems and the vital

## SB 10-TEN UNITS OR LESS

Earlier this year Senator Wiener ( D- San Francisco) introduced SB 10 – Ten Units or Less. On June 4, 2021 SB 10 passed and has moved to the California Assembly for vote.

SB 10 is aimed at fixing California's housing crisis by rezoning single-family lots to allow for duplexes and more. SB 10 seeks to permit a municipality to ministerially authorize developments of up to ten-units or less in areas zoned for single family housing. SB 10 will also invalidate CC&R restrictions that prohibit or restrict such an authorized development. An empty lot in a single-family residential community could be rezoned by a local government for a 10 unit apartment building.

The bill does not reconcile the impact of constructing a 10 unit structure in single family home planned use developments (PUDs): on infrastructure use, on maintenance requirements, on assessment allocations,

and on the required governing document amendments that will be needed to accommodate such subdivisions. Local governments support the building of PUDs because an association is responsible for the upkeep of essential infrastructures, like roads, lights, water and sewage.

Currently, more than 13 million Californians live in 55,000 associations throughout the State. SB 10 will negatively impact every one of them. Affordable housing is a top priority in California, however SB 10 has major consequences for home owners,

PLEASE start calling Members of the House of Representative and advise them that you strongly oppose SB 10. Ask the legislators to vote NO on SB 10. CA Legislators need to hear from us, even if they are Democrat. When they do not hear from Republicans, they think that we do not care.

issues facing California. Unfortunately, the existence of different viewpoints which once was a trademark of our constitutional democracy has gone long ago. In the 2020 phoney election, while voting was deemed to be a gesture and results were irrelevant, the tyranny of Gavin Newsom, who's campaign account is piled high with cash from labor union, Hollywood honchos, tech billionaires, and donors up and down the state grew further and partisanship, expanded its ideologies into city councils and school boards. On September 14th, Vote 'Yes' to recall Gavin Newsom.

## CRWF MEMBERS CELEBRATE WOMEN AND THE 19<sup>TH</sup> AMENDMENT

*“Use your voice. Use your vote.”*

*Unable to hold our planned Celebration of Women and the 19th Amendment last year due to COVID 19 restrictions, the CRWF Club celebrated over 100 years of Women’s Suffrage at our June 2021 High Tea Fundraiser. Everyone at the event was pleasantly surprised when Susan B. Anthony, Elizabeth Cody Stanton, Lucy Stone, and several other notable women’s rights activists staged a Suffragette Rally, raising the cry “Use your voice. Use your vote”.*

*A local group of women, the “Passion Players”, presented a play that celebrates the 100th anniversary of the acknowledgement of women’s right to vote. Women’s right to vote was achieved in 1920, by the ratification of the 19th Amendment to the U.S. Constitution on August 18, 1920....ending almost a century of protest. In 1848 the movement for women’s rights was launched on a national level with the Seneca Falls Convention in New York. The convention attracted widespread attention, followed by other women’s rights conventions throughout the United States. Highlighting the contributions and sacrifices made by the women the Passion Players portrayed, every attendee understood what it took to secure the right to vote for women and that we should never take it for granted.*

## As Conservatives We Face a Cornucopia of Issues.

On the front burner is the Covid Endemic—no longer an epidemic or pandemic but an ongoing fact of life. Given its many animal reservoirs, it will continue on a regular basis through the newly born and as repeat infections on the fully immunized. That's right, even though vaccines provide a huge reduction in infection, serious illness, and death, neither they nor actual infection prevent recurrent infection (of a markedly lessened percentage and intensity). Can we reach "herd immunity"? As of today's (August 11 2021) data from [vcrecovers.org](https://www.vcrecovers.org), we have a county population >12 years of age of 722,171 with 479,673 fully vaccinated individuals, and also 83,781 people who have recovered with natural immunity. This means 563,454 people or 78% of our population > 12 years old are immunized, and the severity and death rates are falling. Why discuss only those > 12 years old? Children almost exclusively have asymptomatic disease or minimal illness and have not been documented to pass it on to adults. Our governmental entities continue to mishandle the problem. The infection will work its way through our population and return regularly. The correct action is not to lockdown or mask up by governmental edict, but to focus on protecting the elderly with vaccination/isolation/masking as appropriate, and choose to get vaccinated to protect yourself, with no need for vaccination if you have had documented Covid 19. For details on this see the excellent 1 hour video at [https://www.theepochtimes.com/harvard-epidemiologist-martin-kulldorff-on-vaccine-passports-the-delta-variant-and-the-covid-public-health-fiasco\\_3942556.html?utm\\_source=sharemorningbriefnoe&utm\\_medium=email&utm\\_campaign=mb-2021-08-11](https://www.theepochtimes.com/harvard-epidemiologist-martin-kulldorff-on-vaccine-passports-the-delta-variant-and-the-covid-public-health-fiasco_3942556.html?utm_source=sharemorningbriefnoe&utm_medium=email&utm_campaign=mb-2021-08-11).

For those of you with children or grandchildren in local public schools, Oxnard Union School District has a memorandum

of understanding in sex education via Planned Parenthood, including materials, videos, and other lesson material. <https://www.oxnardunion.org/student-health-and-health-education/> takes you to the curriculum site. Note that much of the material comes from the San Francisco school district. Most of these videos seem reasonable (judge for yourself) except perhaps the one on gender identity—as a physician I do not agree with their definition of gender identity. Evaluate this huge amount of material if you can and as you see fit. Get involved with your school's curriculum in all aspects, especially any hints of Critical Race Theory (CRT). Most of us do not have the luxury of placing our children in private school as did our Governor, Gavin Newsom.

Speaking of Governor "Newsomlini", a recall is coming up and 100% of the membership should vote. Remember to vote on his status and then on a replacement if you so choose. Jay Bayman has written an excellent letter to the editor summarizing our governor's failings so watch for it in the local paper or Acorn or VCReporter. Newsom's hypocrisy at the French Laundry and sending his kids to in person learning, his destruction of middle class business via flip-flopped mandates, the disaster of the EDD with no unemployment benefits for many months to those in need and then \$11+ billions sent to prisoners, etc., as well as enabling recidivism amongst released felons are only a few of his failures to the people of California, which are, after all, mostly Democrats!
