PRESIDENT  
SUE REYNOLDS

## FREEDOM

We were created to be free. We are Free to choose wisely or foolishly. So as human beings it is part of our DNA. When man gains power he can become a tyrant to take away the freedom God gave us. We are living at a time when the people in power have chosen to bring a darkness over our country. The darkness includes destroying heroes of the past, making up history, and calling evil good and good evil. It is a time when listening to the popular media we hear unfounded and untruthful rhetoric that is repeated over and over. They have stepped so far away from the truth that they don't recognize it or seek it. It's time to break away from those sources of information and to seek the truth.

When the Covid mandates started, they used fear to control us and took freedom away from us. They locked down our seniors and made them live in isolation which is something similar to solitary confinement. Then in some instances they would send infected Seniors back to the same facilities. People were to forgo fresh air and wipe down their groceries with alcohol. When we live in fear our ability to reason gets truncated. We forget what we know to be true. For me when they told us we couldn't play Pickleball outside in the fresh air I knew it was a test to see how far they could go to make us believe anything.

Getting together with like minded people, following alternative media which exposes facts that our government wants to keep from us and attending Godspoke church have all strengthened my resolve. We stand together and courage grows as we together fight against the darkness! We are the current freedom fighters.

Attending the California FRW convention was a wonderful way to rejoice with "rebel forces" who refuse to accept the demise of our country, our freedoms, and the future

of our children and grandchildren. It was exciting that we had a group of 11 who attended. Our new Trunkline Editor Felicia Schoenewald (who is a very new member) came with 3 friends: Pamela McWaid, Heidi Gelfuso, and soon to be member Nancy Phillips. Pamela Faulkner, incoming President, and Sue Kinsling, a former President, were also there. We had two couples Katherine and Howard Miller and Brenda and David Schearer.

The current Editor in Chief of Breitbart News, Alex Marlow, delivered the inside story of his working up from "coffee and errands" to meeting with world leaders. His new book, "Breaking The News" is an exciting account of the inside story of events and deals and one-fourth footnoted documentation of the same.

We heard from Katie Pavlich who flew out to spend the evening with us. She is a beautiful, talented, and accomplished young woman. It was exciting to hear that as a high school student she attended a YAF weekend at Reagan

Ranch and there discovered her passion to be a political journalist. CFRW is asking clubs to support the scholarships

they offer students. They have found that these scholarships do more to promote conservative and patriotic ideals than just offering students scholarships.

Being part of CRWF has been a blessing for me for the whole time I have been a member and especially having served as your president for two years. I have worked with wonderful women who serve on the board and those who serve in other capacities for the club. We have a great slate of officers for next year but there are a few positions that still need to be filled. We have a co-vice president of Membership and a co-vice president of Reservations that need to be filled. Both of these are board positions and a great way to join an exciting team. We also have special chair positions and other important jobs that enable you to participate in our fight for our future. Please get in touch with me and we can discuss the positions. You never know the end from the beginning, so come along and join us in the fun and the work.

## 'WHEN LIFE GETS YOU DOWN, RISE UP!'

We need some good news because Attorney General Merrick Garland is using the FBI to target parents who oppose Critical Race Theory. Follow Sen. Josh Hawley and Christopher Rufo about this matter.

Kacey McCallister was just 6 years old when he lost both of his legs from the tops of his thighs, when hit by a truck.

The doctors told his parents not to do things for him, but let him overcome his disability. "If my mom treated me like an invalid, I'd become an invalid," he said. "I had to do chores!" he joked. "I had to figure out how to vacuum the floor, do dishes, do laundry, make meals."

In his new book, 'When Life Gets You Down, Rise Up!' Kacey tells how he excelled in sports – he played wheelchair basketball, football, baseball, went to the

state championships for wrestling, and entered in a Spartan Race. He said, "I finally got to a point where I'm like, 'I'm an athlete, I'm a wrestler, I'm tough, and it really doesn't matter what other people think.'"

The Spartan obstacle race is an international franchise which often runs in the United States. Kacey didn't think he could finish the race, but "It didn't take myself long to realize that I was the one telling me that I couldn't do it. And so, I decided, 'You know what, I don't know if I can do it or not, I really don't. But I'm going to give it a try,'" he said.

He signed up for the race and, he completed it, although it took him 'forever.' "After finishing his first Spartan, Kacey went on to finish three increasingly difficult Spartan Races within 12 months of each other, earning the rare honor of becoming a Trifecta athlete in 2017." He has since entered 35 Spartan Races in many cities from Seattle to Hawaii.

Remember, this is a young man with no legs. Kacey is a graduate of Western Oregon University, and a motivational speaker. Kacey married Jennifer Sullivan, who is very supportive. They have five children, including a boy adopted from Ukraine. He lives in Oregon with his family.

Because of COVID, he is working with his father as a mechanic.

New City Council Districts being reviewed by the Camarillo City Council. City leaders agreed to switch to district elections in 2019, instead of at-large-elections where voters from across the city got to choose who to vote for from among all the candidates. Even though there has been a council election since the change to district elections, the City Council does not meet diversity guidelines. New Districts will be used in the November 2022 Election and will stay in place until after the 2030 U.S. Census. One of the goals of redistricting is to help minority candidates be elected. The 2000 census showed that Camarillo's Hispanic or Latina voters have risen from 16% to 27%. Redistricting will create diversity and that there are representatives that represent each district. The deadline for the City Council to adopt the new district map is April 17, 2022. Camarillo City Council Hearings are set for November 10, 2021, January 26, 2021, and February 23, 2021. Members of the public are invited to get involved in the process by speaking at the hearings or create their own maps for the City Council to review. An internet based tool to help people draw maps is available on the City of Camarillo's website, and options for drawing maps on paper are also available. For Redistricting Map instructions and more information go to:

**The following bills have been signed by  
Governor Newsom:**

**AB 37 MAIL-IN-BALLOTS/  
ABSENTEE BALLOTS**

The Bill would extend the requirements to mail a ballot to every registered voter to all elections and apply them to all local election officials. The bill would require a vote by mail tracking system to be accessible to voters with disabilities. Additionally the bill would require county elections officials to permit any voter to cast a ballot using a certified remote accessible vote by mail system for any election. Further, the bill would provide that a vote by mail ballot is timely cast if it is voted on or before election day and, if returned by mail, received no later than 7 days after election day.

**Status: Signed by Governor Newsom**

## **SB 35 ELECTIONS**

The Bill would expand prohibited activities around a polling place to include obstructing ingress, egress, and parking and specify that such activities are prohibited within 100 feet of (1) the entrance to a building that contains a polling place, an elections official's office, or satellite voting location, and (2) an outdoor site at which a voter may cast or drop off a ballot. The Bill would also prohibit a person from soliciting a vote, speaking to a voter about marking the voter's ballot, or disseminating visible or audible electioneering information in the immediate vicinity of a voter in line to cast a ballot or drop off a ballot. The Bill would extend the deadline for a candidate to submit tax returns to 88 days before the direct primary election. The Bill would require the Secretary of State to notify the candidate of deficiencies in redactions, and require the candidate to submit hard copies of returns with corrected redactions not later than 5:00 p.m. on the

78h day before the direct primary election. A candidate who does not submit timely corrected hardcopies would not be qualified to have their name placed on the ballot of the direct primary election.

**Status: Signed by Governor Newsom**

**AB 453 SEXUAL BATTERY:  
NON-CONSENSUAL CONDOM  
REMOVAL**

The Bill would make it explicitly illegal to remove a

*continued on next page*

condom during sex without consent. If signed, the State of California is the first to do so by expanding the civil definition of sexual battery and allowing the victims to sue for punitive damages.

**Status: Signed by Governor Newsom**

## AB 1346 PHASE OUT OF THE SALE OF GAS-POWERED LEAF BLOWERS, LAWN MOWERS AND OTHER

## SMALL OFF-ROAD ENGINES BY 2024

Under the new law, retailers will be limited to selling zero-emission equipment, such as electric or battery powered gear as part of an effort to cut down emissions. The new law also directs the California Air Resources Board to identify and make available, where feasible, funding for commercial rebates to go toward the purchase of electric equipment

# CRWF SCHOLARSHIP PROGRAM

## BY CYNTHIA PIKE

Each year, CRWF provides scholarships for Camarillo senior high school students and/or community college students planning to further their college educational goals. The scholarships are supported by our club's fund-raising efforts, especially each year's May luncheon. The number of scholarships and conference fees available are totally dependent on the success of our fund-raising efforts.

Scholarship recipients are selected by the Scholarship Committee currently led by Cindy Pike. If you would like to participate on the committee, please contact Cindy by texting or calling 661-332-0230.

The CRWF Scholarship Program provides two distinctive opportunities for Camarillo Republican students.

The first opportunity:

CRWF provides achievement-based scholarship(s) awarded to graduating high school seniors and/or community college students who plan to pursue further college education.

Students are recognized for their capacity to lead and serve, as well as their commitment to supporting the values of the Republican Party and making a significant impact on their community.

Our scholarship process includes evaluating the application, transcripts, volunteer and/or work

experience as well as an essay. Scholarship guidelines and application will be on our newly developed website during the application timeframe. Guidelines and applications are also given to each of our Camarillo high school scholarship counselors for distribution to graduating seniors.

The second opportunity:

Young America's Foundation in conjunction with the Reagan Ranch Center Foundation has developed a three-day educational camp that is a unique gathering designed specifically for high school students and framed as a "crash course" in conservative thought. Throughout the program, students learn conservative ideas and effective activism, meet and network with like-minded students, improve their critical thinking and debate skills, and, learn how to become young leaders in the Conservative Movement.

Participants have an opportunity to tour the historic Presidential Western Whitehouse / Reagan Ranch property!

For those accepted to attend the program, CRWF provides for the conference fee which includes: tuition, materials and lunch each day at the C.A.M.P.

Both programs are great opportunities to show our support for local conservative students !

# MEMBERSHIP

Membership had a little hiatus from processing new membership applications during this past month. We were delighted to welcome all those new members who signed up during the summer and into September in our October article. Welcome again to Camarillo Republican Women Federated!

We are now beginning to collect membership renewals for 2022. (Yikes! Already?) Thank you to those who have been "on top of it" and have sent in their 2022 dues. The renewals will be good through December 31, 2022.

The Trunkline has a form to fill out for new AND renewing members. Please fill it out, making note of any changes in address, phone or email, and be sure to request the way you would like to receive the Trunkline – by US Mail or email. Enclose it with your check made out to Camarillo Republican Women Federated, and mail to:

## The History of Naming Hurricanes

1. Native Americans called these destructive storms Hurakones, after a great spirit.
2. In 1950, a formal practice for storm naming was developed by the U.S. National Hurricane Center.
3. In 1953 they were given female names. This mimicked the habits of old naval meteorologists who named the storms after their wife or girlfriend, much the way ships at sea were named after women.
4. In 1979, the system was revised again to include both female and male names.
5. Hurricane season begins on June 1 and ends on November 30th each year.

# REFLECTIONS OF THE CALIFORNIA FRW CONFERENCE

## FELICIA SCHOENEWALD

Last weekend, I along with three of my best friends, attended our first California FRW conference in Rancho Mirage. The fact that it was in our own back yard made the decision to go an easy one.

All I can say is wow! What an amazing group of dedicated, serious women who are clearly committed to the betterment of our State. The slate of speakers was truly phenomenal and inspirational, with a slew of valuable information. I am still processing it all.

I asked my friends what their biggest takeaways were from the weekend and here is what they had to say: "I enjoyed being with like-minded people. The speakers were great", said Heidi Gelfuso. "The speakers were insightful and being among other Republicans was refreshing", said Pam McWaid.

Nancy Phillips added: "Great, inspirational and humorous speakers; came away with lots of insight. Loved having a speaker with a book to purchase. Food and service at the venue was excellent; good assortment of vendors too. It was nice being with like-minded people. The dinner event put on by the local club was wonderful!"

I would like to add my two biggest takeaways: We as Republican women who care deeply about our families and communities, need to help our movement

going forward in the next election cycle. We can do this by being "boots on the ground" and by going door-to-door to encourage people to vote and by participating in phone trees. You will get training to do these. I am sure you have been paying attention to the gubernatorial race in Virginia; well, Republican women at their own expense have flown in to go door-to-door to get people out to vote and get them fired up! Youngkin's support has increased greatly in the last two weeks and he is now clearly in the lead! I believe our women played a huge part in getting this result. This week's vote will be closely watched.

And, we MUST get behind one candidate here in California. Whoever the CA GOP decides to endorse, we must follow suit no matter if this person is our first or 4th choice. This is something the Democrats do way better than us and that's pulling together with the one candidate no matter what! It is imperative that we do the same. We cannot afford to be fractioned any longer: getting a Republican in to the Governorship should be the bottom line regardless of who that candidate is. We must trust that the State GOP will endorse an appropriate person. Both the California GOP chairwoman and State Assemblyman Kevin Kiley see our best chance is flipping seats in the Congress: we can do this by helping greatly when it comes to getting the word out at election time and firing up the voters to get out there.

I have returned with a renewed vigor to help California's Republican Party. I hope you will feel that fire from both President Sue Reynolds and myself! Our country's future depends on each and every one of us to do our part. The time for silence is over. Be brave, be bold and may God Bless our great country!
