TRUNKLINE

"One voice - Many votes"

APRIL 2022

VOLUME 21
EDITION IV

CRWF WELCOMES PASTOR ROB MCCOY WHERE IS THE U.S. HEADING?

Pastor McCoy is the Senior Pastor of Calvary Chapel in Thousand Oaks, CA. In the pastoral realm Pastor McCoy is noted for his passionate sermons, in which he combines humor with exhortation to teach his congregation. Pastor McCoy is also a passionate and outspoken Republican. He purports that the purpose of government, per the U.S. Declaration of Independence, is solely to protect our unalienable rights of Life, Liberty & the Pursuit of Happiness. American's think that the President & the

House/Senate, are the only ones who have the power to effect change, limiting the focus of our Nation's needs to a few months every 4 years. This position has resulted in letting the Democratic Party own the State. The Republican Party's challenge is to reclaim local and state government seats in the upcoming elections. Effecting nation-wide change starts at the local level.

Pastor McCoy speaks openly about his concerns regarding the liberal direction of the country & the deterioration of civil society. The Republican Party must re-establish & strength it's movement of moral issues. Christians are the largest minority group in the U.S., 70 million strong. Republicans need to recognize that their mission/goals could strengthen by uniting

with the Christian community. Voices of conservative ideas/ideals can return our nation to its Republican roots.

MATT JACOBS: DEFENDING THE AMERICAN DREAM

Matt Jacobs, candidate U.S. Congress, CA 26th District is a former federal prosecutor who investigated & prosecuted some of America's worst enemies/criminals; including al-Qaeda terrorists, street gang members, opioid traffickers &

many more. For his success in protecting our country and communities, Matt earned "Prosecutor of the Year" & "True American Hero" awards from national law enforcement organizations. Matt earned a Master's Degree in Public Affairs from Princeton & a law degree from NYU. Before becoming a prosecutor, Matt served as law clerk to a Republican-appointed federal Judge. Matt will address key issues from his platform: Public Safety, Prosperity, Opportunity & his stand to always show Pride in America.

PRESIDENT PAMELA FAULKNER 2022-2023 THANK YOU!

I would like to take this opportunity to tell you how very much we owe to each of you for doing your part to use your voices and your actions to touch others in ways you sometimes

are not even aware of.

Thank you for standing up for what is true, right, honorable & brave for our Nation. I know we sometimes feel the discouragement of recognizing the dark place that our

current liberal State and national government is taking our beloved California and the nation. But be of good cheer, dedicated, Republican Women – It's not over until it's over. As much as we love to think we have the last word, vote and control, we need divine assistance combined with our commitment to accomplish what we know to be the right outcome. So our efforts are needed, helpful & powerful when combined with our prayers. Just know that our fight is for good and will prevail.

Yours together in Service,

Pamela Faulkner

APRIL 2022 ACTION ALERT AND UPDATES

Action Alert: "The Educational Freedom Act" Petition Deadline is early April 2022

Every child deserves a choice of the school they attend, the education they receive. More than two years in the drafting, the Educational Freedom Act treats everyone in California equally. Parents of every California child have the freedom to spend \$14,000 provided by the State of California at a school of their choice-no matter how much money they make. The Educational Freedom Act gets it right. It makes everything equal and fair. The key is the direction of state education tax dollars into hands of parents. That funding follows the student without conditions, mandates, or means testing. Every California family and every California student is treated equally. Go to: <https://www.californiaschoolchoice.org/> Scroll down on "Click to Print and Sign". The petition can be printed either back-to-back or as single pages. Once printed, all 6 pages of the document must be submitted in numerical order.

AB-1594 Firearms: Civil Lawsuits: Existing law defines public nuisance and provides that a public nuisance may be remedied by an indictment or a civil action, or abatement. Existing law also

regulates the manufacture, sale or marketing of firearms. **AB-194** would specify that a gun industry member has created or maintained a public nuisance, if their failure to follow federal, state, or local law caused injury or death or death if the gun industry member engaged in unfair business practices. **(CA Attorney General Rob Bonta and Phil Ting CA Assembly D)**

AB-2571 Existing law generally regulates manufacturers and dealers of firearms. Under existing law, commercial speech or advertising is generally protected under the First Amendment. Existing laws and regulations however, restrict the content and placement of advertising and promotional marketing of alcohol, cannabis, and tobacco to protect minors. This bill would add limiting the marketing of certain firearms to children. **(Rebecca Bauer-Kahan CA Assembly D)**

CHAIR
GINNY BRYCE

CALIFORNIA HAS LOWEST LITERACY RATE OF ANY STATE

Article 26.3 of the United Nations' Universal Declaration of Human Rights states: "Parents have a prior right to choose the kind of education that shall be given to their children."

The Democrats are pushing "these are not your children. They are wards of the state." The teachers' unions that fund the Democrat party will determine what and how they learn.

Local property taxpayers pay the teachers wages, yet teachers feel the taxpayers have no say in what is taught to their kids.

Parents are finding out about the global campaign that the UN, Planned Parenthood, the ACLU, and others are using sex and your children to eliminate the nuclear family. First, they worked to get Mom out of the home into a "career," so they could go after the children.

In California, "nearly 1 in 4 people over the age of 15 lack the skills to decipher the words in this sentence. Only 77 percent of adults are considered mid to highly literate, according to the nonpartisan data crunchers at World Population Review."

"Recent research shows that even high-performing California students score lower on standard tests than their counterparts in better performing States." (Will Schuck, Capitol Weekly 2/28/22)

Kindergarten children are being introduced to

"masturbation, homosexuality, gender fluidity, homosexual parenting, graphic images of genitalia, and more."

During elementary school, children are exposed to pornographic, including "cartoons" in books such as "It's Perfectly Normal," featuring cartoon images of naked children, sexual intercourse, children masturbating, and more. The book is available to middle school children and promoted by Planned Parenthood.

For "7th graders, to outline the risks of various sex acts, for example, children ages 11 and 12 are taught that 'anal sex using a condom correctly is a 'low-risk' activity. However, the Centers for Disease Control and Prevention (CDC) found that condoms are only 60% to 70% effective in preventing HIV, even with perfect and consistent use."

When the children are around 11, under 3Rs, they're taught how to seek out information about sex on the internet, and to rely on Planned Parenthood for information and "services." When they are age 12, "abortion is introduced as an 'option' to deal with unwanted pregnancies. And by age 13 years, the children are taught how to obtain various forms of contraception and birth control."

School libraries are filled with storybooks pushing radical transgender ideology, lessons on masturbation for middle schoolers, and novels with explicit sexual scenes including one describing a bloody rape.

In California, Brea Olinda Unified School District included ancient Greek men's proclivity to have sexual relations with boys, as part of teaching children LGBT history. A mom asked about the course and sounded incredulous, "So sex between a man and a boy is a sexual orientation" she asked.

Note: One of many resources is "Rights, Respect, Responsibility (3RS), created by Advocates for Youth," a partner of Planned Parenthood.

Thank you to the members who have sent in their membership renewals from the reminder letters we sent out last month. We are looking forward to the other members still needing to renew your membership to take care of it by credit card on the Website or the Application attached to this Trunkline at your earliest convenience.

In addition please note that we are now supplying Visitors at our Luncheon with Paper Name Tags so they will stand out for all members to reach out and say hello to make them feel welcomed. Please feel free to direct Visitors with any questions on joining to Membership.

Please also welcome our newest member, Cheryl Krause.

Respectfully submitted, Linda Bednarski, Cindy Birch and Chris Friedgen
