**PRESIDENT  
PAMELA  
FAULKNER  
2022-2023  
CLARIFICATION!**

I'd like to briefly address an issue of concern for some of you. We know that many of our members are receiving very conflicting emails from the California Federation of Republican Women (CFRW), questioning the legitimacy of Janet Price's presidency of the California Federation. A group of nine CFRW state-level board members and regional directors decided to hold a meeting and vote out our duly elected president, Janet Price. This action was not in accordance with our

by-laws. Since then, the local club presidents have been in several meetings focusing on this issue and as a result, all of us on the Camarillo Club Executive Board want to put your minds at ease that we have been following the CFRW & NFRW By-laws. We would like to reassure you that we are not in violation of any of the by-laws.

There is an active lawsuit regarding this, but that will not hinder us from conducting business as usual in our club. As always, our interest and concern are for each of you as our dear and respected members. We will keep you updated if new information arises. Together we will continue to walk in Unity and Sisterhood as we uphold our purpose and mission of building a better America for our nation's welfare!

## Personal Safety Presentation

March 21st, 2023 10:00 AM to Noon at Trigger Burst

We all face a high risk of violent encounters in public, at home, and in the workplace.  
What you will learn is personal safety, home defense, and hands-on use of defensive tools.

- How to identify the risk of an attack.
- Situational Awareness: teach students the finer points of tuning into their environment, helping them avoid a potentially violent encounter.
- Commonly used cell phone safety features and apps that can be used to keep agents safe.
- Defensive Options: armed, unarmed and less lethal. Agents, use this opportunity to become better protected and prepared today!

*(Personal Safety Items Available for Purchase after class)*

**The Cost is \$10 per person. payable at the door with Cash or Check.**

# LEGISLATIVE WATCH! PUBLIC SAFETY, ELECTION INTEGRITY, GAS RELIEF AND WATER STORAGE

The California Federation of Republican Women has identified the following new Bills for our consideration. Express your PERSONAL support or opposition to a bill directly to the Legislative committee currently reviewing it at <https://leginfo.legislature.ca.gov>. Enter the Bill number then select the "Comments to Author" tab.

## **AB 75 Shoplifting: Increased Penalties for Prior Crimes**

**Lead Authors:** Hoover-R, Dixon-R/**Co-Author:** Mathis-R

**Status:** Scheduled for Hearing in Public Safety Committee on 02/28/2023

**Summary:** This bill reinstates a provision of law repealed by Proposition 47 that provides that a person who has been convicted three or more times for petty theft, grand theft, or other specified crimes and who is subsequently convicted of petty theft is subject to imprisonment in county jail not exceeding one year, or sixteen months, or two or three years. This would extend to persons convicted of a serious felony, a violent felony, or felonies requiring registration as a sexual offender, who are then convicted of petty theft, shall serve their time in state prison. (Cross-reference to Section 1170(h) (3) of the California Penal Code).

**NOTE:** If passed, this will be on the ballot for the November 5, 2024, statewide general election.

## **AB 13 Elections: Election Day Holiday/Voting by Mail**

**Lead Authors:** Essayli-R/**Co-Authors:** M. Dahle-R, Davies-R, Dixon-R, Flora-R, Joe Patterson-R, Sanchez-R, Waldron-R

**Status:** In Elections Committee Process

**Summary:** This bill repeals current provisions requiring county election officials to mail a ballot to every registered voter and authorizing a county to conduct an all-mailed ballot election. The Bill would instead authorize a voter to REQUEST a vote-by-mail ballot for any election and would authorize a voter to apply for vote-by-mail permanent status. This Bill also impacts ballot harvesting by limiting who the voter can authorize to return the voter's ballot to immediate family members or someone living in the

voter's household. It reduces the deadline to three days for election officials to consider a mailed ballot to be timely cast and adds election day (the first Tuesday after the first Monday in November of even years) as a state holiday.

**SB 77 Voting: Signature Verification/Notice Lead Authors:**

Umberg-D/Co-Author:

None

**Status:** In Elections and Constitutional Amendments Committee Process

**Summary:** Election officials are currently required to notify a voter, by mail, no later than 8 days before the election certification, if they determine that the voter's

*continued on next page*

*continued from previous page*

signature does not match the signature on file, or if the identification envelope is missing a signature. This Bill adds the requirement for notification to include email or text message when that information is on file thus increasing the opportunity to either confirm or obtain the signature in question.

### **AB 2 Motor Vehicle Fuel Tax Law: Suspension of Tax (Urgency Statute)**

**Lead Authors:** Fong-R, Alanis-R, Hoover-R/

**Co-Authors:** Chen-R, M. Dahle-R, Mathis-R, Joe Patterson-R, Sanchez-R, Waldron-R

**Status:** Pending Referral to Committee

**Summary:** This Bill would take effect immediately to provide relief for California motorists unduly burdened with high gasoline prices. It suspends the State gasoline tax for one year from the date of amendment of the Revenue and Taxation Code. It includes a consumer protection clause that ensures the “end consumer” benefits from the savings by requiring that the purchaser’s receipt from the seller indicates the amount saved by the tax suspension. Violations of this law would make a statutory cause of action for unfair competition under the Business and Professions Code. The General Fund would also be required to transfer a specified amount of money to the Motor Vehicle Fuel Account in the Transportation Tax Fund.

### **AB 16 Motor Vehicle Fuel Tax Law: Adjustment Suspension (Urgency Statute)**

**Lead Authors:** Dixon-R/**Co-Authors:** Chen-R, M. Dahle-R, Mathis-R, Joe Patterson-R, Sanchez-R, Waldron-R

**Status:** Pending Referral to Committee

**Summary:** This Bill would take effect immediately and is related to AB 2. The Motor Vehicle Fuel Tax Law (MVFTL) that imposes a tax per gallon of gasoline is administered by the California Department of Tax and Fee Administration (CDTFA). Existing law requires the CDTFA to adjust the tax on July 1 each year by a percentage amount equal to the increase in the California Consumer Price Index, as calculated by the Department of Finance (DOF). This Bill would

authorize the Governor to suspend an adjustment to the MVFTL when it is determined that increasing the rate would unduly burden low-income and middle-class families. It requires notification to the Legislature of the intent to suspend the tax and requires the DOF to submit a proposal ensuring the same level of funding for transportation by January 10 of the same year. The Bill also updates language to reflect the duties that were transferred to the CDTFA from the State Board of Equalization back in 2017.

### **AB 62 Statewide Water Storage: Expansion**

**Lead Authors:** Mathis-R/Co-Author: None

**Status:** In Water, Parks and Wildlife Committee Process

**Summary:** This Bill establishes a statewide goal to increase above and below-ground water storage capacity to 3.7 million acre-feet by 2030 and 4 million acre-feet by 2040. Commencing in 2027 and required every two years after that, the State Water Board would be required to submit progress reports on achieving these goals.

# The Coup We Never Knew

We are beginning to wake up from a nightmare to a country we no longer recognize, and from a coup we never knew.

By Victor Davis Hanson

January 5, 2023

Did someone or something seize control of the United States?

What happened to the U.S. border? Where did it go? Who erased it? Why and how did 5 million people

enter our country illegally? Did Congress secretly repeal our immigration laws? Did Joe Biden issue an executive order allowing foreign nationals to walk across the border and reside in the United States as they pleased?

Since when did money not have to be paid back? Who insisted that the more dollars the federal government printed, the more prosperity would follow? When did America embrace zero interest? Why do we believe \$30 trillion in debt is no big deal?

When did clean-burning, cheap, and abundant natural gas become the equivalent to dirty coal? How did prized natural gas that had granted America's wishes of energy self-sufficiency, reduced pollution, and inexpensive electricity become almost overnight a pariah fuel whose extraction was a war against nature? Which lawmakers, which laws, which votes of the people declared natural gas development and pipelines near criminal?

Was it not against federal law to swarm the homes of Supreme Court justices, to picket and to intimidate their households in efforts to affect their rulings? How then with impunity did bullies surround the homes of Justices Brett Kavanaugh, Samuel Alito, Amy Coney Barrett, Neil Gorsuch, John Roberts, and Clarence Thomas—furious

over a court decision on abortion? How could these mobs so easily throng our justices' homes, with placards declaring "Off with their d—s"?

Since when did Americans create a government Ministry of Truth? And on whose orders did the FBI contract private news organizations to censor stories it did not like and writers whom it feared?

How did we wake up one morning to new customs of impeaching a president over a phone call? Of the speaker of the House tearing up the State of the Union address on national television? Of barring congressional members from serving on their assigned congressional committees?

When did we assume the FBI had the right to subvert the campaign of a candidate it disliked? Was it legal suddenly for one presidential candidate to hire a foreign ex-spy to subvert the campaign of her rival?

Was some state or federal law passed that allowed biological males to compete in female sports? Did Congress enact such a law? Did the Supreme Court guarantee that biological male students could shower in gym locker rooms with biological women? Were women ever asked to redefine the very sports they had championed?

When did the government pass a law depriving Americans of their freedom during a pandemic? In America can health officials simply cancel rental contracts or declare loan payments in suspension? How could it become illegal for mom-and-pop stores to sell flowers or shoes during a quarantine but not so for Walmart or Target? Since when did the people decide that 70 percent of voters would not cast their ballots on Election Day? Was this revolutionary change the subject of a national debate, a heated congressional session, or the votes of dozens of state legislatures?

What happened to Election Night returns? Did the fact that Americans created more electronic ballots and computerized tallies make it take so much longer to tabulate the votes?

When did the nation abruptly decide that theft is not a crime, assault not a felony? How can thieves walk out with bags of stolen goods, without the wrath of angry shoppers, much less fear of the law?

Was there ever a national debate about the terrified flight from Afghanistan? Who planned it and why?

What happened to the once trusted FBI? Why almost overnight did its directors decide to mislead Congress,

to deceive judges with concocted tales from fake dossiers and with doctored writs? Did Congress pass a law that our federal leaders in the FBI or CIA could lie with impunity under oath?

Who redefined our military and with whose consent? Who proclaimed that our chairman of the Joint Chiefs of Staff could call his Chinese Communist counterpart to warn him that America's president was supposedly unstable? Was it always true that retired generals routinely libeled their commander-in-chief as a near Nazi, a Mussolini, an adherent of the tools of Auschwitz?

Were Americans ever asked whether their universities could discriminate against their sons and daughters based on their race? How did it become physically dangerous to speak the truth on a campus? Whose idea was it to reboot racial segregation and bias as "theme houses," "safe spaces," and "diversity"? How did that happen in America?

How did a virus cancel the Constitution? Did the lockdowns rob of us of our sanity? Or was it the woke hysteria that ignited our collective madness? We are beginning to wake up from a nightmare to a country we no longer recognize, and from a coup we never knew.

## FEBRUARY LUNCHEON KEYNOTE SPEAKER HIGHLIGHTS TIME FOR COURAGE, TO SPEAK UP AND TO GET INVOLVED !

KEYNOTE SPEAKER, JENNIFER HORN, host of The Morning Answer on AM 590.

### Highlights:

It's difficult to be a conservative in California. We need to have courage and to speak up!

When Trump won the presidency in 2016, the Left fast forwarded their agenda. The Left's goal is to silence

conservatives.

### CONSERVATIVES NEED TO START SPEAKING OUT!

- There is power with each individual having conversations with those on the left.
- Have one on one conversations with Dems. If the person says, for instance, he/she wants to vote for Biden, respond nicely by saying something like, "Oh, you're voting for Biden, what is your favorite accomplishment of his?" Give him/her a minute to think about it!
- Try to find out what individual members of the left are thinking. Don't just identify the left and the right, but rather what we stand for.
- Know what you stand for as a Republican!

Even though the Left called the 4 days of electing Kevin McCarthy as the Speaker of the House a "Clown Show," an incredible amount was accomplished:

- One member can call for a special election regarding the Speaker
- New committees for Church, Weaponization of government organizations, the Border...
- Tie the debt ceiling to spending cuts
- Remove Schiff, Swalwell and Omar from appropriate committees
- House members have the right to appeal if they are removed from a committee

### REGARDING UPCOMING ELECTIONS:

- Don't be afraid to support Trump!
- He knows where the "bodies are buried" and he knows the D.C. Swamp!
- He fixed them before, he can fix the economy and the border again
- He's not afraid to talk about the hard stuff & social issues
- Disregard his social media attacks on others – his policies were good
- Get Involved!
- Walk door to door for a candidate
- Write letters to the editor
- Volunteer for campaigns
- Get involved with Election integrity

**IT'S MEMBERSHIP RENEWAL TIME! CRWF MEMBERS:**

*With Spring arriving, a couple of quotes seem appropriate for us to ponder. The acclaimed Author, Leo Tolstoy wrote that "Spring is the time of plans and projects" which reminds us of our important membership drive and how essential it is to invite friends, family and contacts into our Guild to enjoy all we have to offer. Our other quote is from the Comic, Robin Williams, "Spring is nature's way of saying, Let's Party!" which is our reminder to personally welcome our new members and let them know how happy we are that they are joining us. Our newest members are Patty Berry, Gina Brenner, Suzanne Chadwick, Sandra Fox, Carolyn Moore, Sandra Perrin, Camille Crawford and Marta Pemberton.*
